

| Network Role | Organisation | Country | Name | Email | Skype name | Twitter feed | areas of interest (research) |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------|------------------|--------------------------|--------------------------------------------------------|-------------------------|------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Chair | Alma Mater Studiorum - University of Bologna (Unibo) | Italy | Stefania Piarulli | stefania.piarulli2@unibo.it | stefi.p6 | @StefaniaPiarul1 | Microplastic dynamic in marine coastal environments. Understanding the fate of microplastics once they enter in the trophic chain with special attention to the benthic system. |
| Vice-Chair | National Institute of Biology (NIB) | Slovenia | Timotej Turk Dermastia | Timotej.TurkDermastia@nib.si | radio.turk | | Harmful algal blooms. Focus on toxic diatoms, ecology, genetics, genomics |
| Treasurer/Legal | Institute of Oceanology, Polish Academy of Sciences (IOPAN) | Poland | Marek Lubośny | lubosny@iopan.gda.pl | slashm@wp.pl | i don't have twitter account | Bioinformatic analysis of High-throughput next generation sequencing data (NGS) with the focus on mitochondrial DNA of marine mussels and clams. Doubly uniparental inheritance system (DU) of mitochondrial DNA. Detection of novel and/or missing protein coding genes in mussels (PCR, western blot etc.). |
| Secretary | Institute of Marine Sciences - National Research Council of Italy (ISMAR-CNR) | Italy | Giuseppe Suaria | giuseppe.suaria@sp.ismar.cnr.it | giuseppe.suaria1 | @Giuseppe_Suaria | Plastic Pollution in the marine environment. |
| Communication Officer | Leibniz Centre for Tropical Marine Research (ZMT) | Germany | Lucy Gillis | lucy.gillis@leibniz-zmt.de | lucygwen_gillis | @lucygwen_gillis | Connectivity between tropical coastal ecosystems, CO2 and CH4 emissions, Blue carbon |
| Communication Officer | Instituto Investigaciones Marinas (IIM), Consejo Superior Investigaciones Científicas (CSIC) | Spain | María López Acosta | lopezacosta@iim.csic.es | marialo87 | @M_LopezAcosta | Biology and ecology of silica-secreting marine organisms (sponges, radiolarians, diatoms, etc), marine biogeochemical cycle of silicon, biotechnological applications, general marine conservation. |
| New Members Coordinator | Scottish Association for Marine Science/ University of Highlands and Islands | Scotland | Eleanor Ford | Eleanor.ford@sams.ac.uk | Eleanor.ford@sams.ac.uk | @ellieford_ | Marine socio-cultural systems and marine policy |
| Member | Institute of Oceanography and Fisheries (IOF) | Croatia | Ivana Buselic Garber | buselic@izor.hr | Ivana Buselic Garber | | Aquaculture fish immunology and nutrition, sustainable feeds and feeding protocols for environmentally friendly fish farming |
| Member | Marine Institute Ireland (MI) | Ireland | Alina Wieczorek | Alina.Madita@gmail.com | alinamadita | @AlinaMWieczorek @MPWhalesharks | Mesopelagic fish acoustics and ecology |
| Member | University of Aveiro - Centre for Environmental and Marine Studies (UAVR-CESAM) | Portugal | Marco Freire Custódio | mfc@ua.pt | marcocustodio90 | @MarcoCustodi | Sustainable aquaculture systems (e.g. IMTA, aquaponics), halophytic plants ecology and physiology, ecosystem-based management, ecosystem services and valuation. |
| Member | University of Cádiz | Spain | Javier Moreno-Andrés | javier.moreno@uca.es | javier_moreno_andres | @JMoreno_Andres | Seawater treatment. Re-use of marine effluents. Aquaculture and Ballast Water treatment. |
| Member | University of Cape Town | South Africa | Louise Gammage | louise.gammage@uct.ac.za / louise.gammage@gmail.com | louise.gammage | @lougammage | System-based approaches to governance and management in social-ecological systems - specifically fisheries; development and use of tools in support of multi-scalar decision-making, knowledge synthesis and multi-stakeholder processes. |
| Member | MARE - Centro de Ciências do Mar e do Ambiente | Portugal | Ana Cristina Silva Rocha | cristinasrocha@gmail.com | acsr_pt | @Smiley_Cris9 | Contamination of coastal and estuarine ecosystems; Environmental impact/risk assessment of emergent man-made chemicals; Environmental remediation technologies |
| Member | Hellenic Centre for Marine Research (HCMR) | Greece | Maria Protopapa | mariaprot@hcmr.gr | mar.prot | | Biological Oceanography, mainly mesozooplankton ecology-taxonomy, Marine Biotechnology-Biofouling-Antifouling research |
| Member | University of Helsinki | Finland | Costanza Scopetani | costanza.scopetani@helsinki.fi | costanza.scopetani | I don't have twitter account | Microplastic pollution in terrestrial, freshwater and marine environment. Transfer of organic contaminant from microplastics to biota |
| Member | Centro de Ciências do Mar do Algarve (CCMAR) | Portugal | Marcos Fontela | mmfontela@ualg.pt | marcos.fontela | | Ocean carbon cycle and biogeochemistry in a high-CO2 world |
| Member | University of Las Palmas de Gran Canaria (ULPGC) | Spain | Tania Montoto Martínez | tania.montoto@ulpgc.es | tania.monmar | @TanMontoto | Ocean literacy, marine citizen science, plastic pollution in the marine environment, coastal management, general marine conservation and sustainable development. |
| Member | Institute of Anthropic Impacts and Sustainability in marine environment - National Research Council of Italy (IAS-CNR) | Italy | Marco Torri | marco.torri@ias.cnr.it | marco.torri87 | | Fisheries ecology with particular focus on the early life stage and the effect on standing stock biomass. Ecological modelling and biostatistics. |
| Member | GEOMAR Helmholtz Centre for Ocean Research | Germany | Georgi Laukert | glaukert@geomar.de | chalcedon2 | @noicenofuture | Biogeochemical cycling of macro- and micronutrients in the polar regions based on non-traditional stable isotopes. Water mass provenance and mixing based on radiogenic isotopes. Development and application of novel isotope systems to study biogeochemical cycling of nutrients and trace elements in the atmosphere-ice-ocean system. |
| Consulting Social Scientist | Wageningen University and Research | Netherlands | Amanda Schadeberg | amanda.schadeberg@wur.nl | amanda.schadeberg | @AmandaSchaScha | marine social science, fisheries governance, science-policy interface, fisher behaviour, the mesopelagic zone/ocean twilight zone, mixed methods research design |
| Previous member (ended in June 2020) | Helmholtz-Zentrum Geesthacht: Centre for Materials and Coastal Research | Germany | Himansu Pradhan | oceancalling@gmail.com / himansu.pradhan@hzg.de | romansuuu | | Marine biogeochemistry, Physical Oceanography, Coupled physical-biogeochemical modelling, Anthropogenic impacts |
| Previous member (ended in August 2020) | The Centre for Environment, Fisheries & Aquaculture Science (CEFAS) | UK | Rui Pedro Vieira | rui.vieira@cefasc.co.uk | rui.vieira@cefasc.co.uk | | Deep sea ecology, biodiversity, stable isotopes ecology, biological oceanography, fisheries, anthropogenic impacts |
| Previous member (ended in June 2020) | Phylogenomics Lab (University of Vigo) Centro de Biología Molecular e Ambiental (CBMA - University of Minho) | Spain - Portugal | Maria Fais | maria_fais@hotmail.it | mari_f83 | @mariscuba | Development of metabarcoding approaches for investigating temporal and spatial dynamics of meiobenthic communities in estuarine ecosystems |
